

FOOD SERVICE EQUIPMENT

SINK AND WORKING STATION

POT AND PAN RACK

Whatever your food service equipment needs are, we can design and build it to your exact size and specifications.

These photos show a sink and working station, an all-purpose work table, baker's rack, and pot and pan rack.

Custom food serving equipment can be created for any kitchen or snack bar application, medical facilities, and more.

All food service equipment is fabricated in stainless steel and meets all NSF standards.

Please contact sales or customer service for more information.

BAKER'S RACK
