Available in White also.

The letter which follows the paint name on the color card indicates the tint base which will be used to make the colors indicated. If you wish to have a custom color produced or a color matched, we will help you determine which of the tint bases is correct. The type of tint base required will affect the price of the paint. The coding for the various colors is as follows:

T: Pastels
D: Deep Tones
N: Nuance (Darkest Colors)

Colors may vary in actual use due to area, sheen, surface, application or lighting.

# SPECIALTY PRODUCTS

## TRAFFIC PAINTS

North Carolina Correction Enterprises manufactures traffic paints in both latex and oil-based formulations in yellow and white. Yellow traffic paints are yellow color 33538 to meet Federal Standard No. 595B. White traffic paints meet the general specification as a clean, bright, untinted white. The oil-based traffic paints are available in three formulations with varying drying requirements. Some of the paints are available with glass beads premixed in the paint. Drop-on beads are also available. Specialized equipment is required for some traffic paints. Please consult with the Paint Manufacturing Facility listed below for assistance in determining the correct traffic paint for your application and equipment.

## HEAVY DUTY ACRYLIC PRIMER AND PAINT

The heavy duty acrylic paint and primer were originally developed for the Department of Transportation for application on exposed metal portions of bridges. These latex formulations have long-lasting anti-corrosive qualities. The paint is available only in the colors shown here. The primer is available in white also.

Brown, Heavy Duty Acrylic Primer

Gray, Heavy Duty Acrylic Paint

Green, Heavy Duty Acrylic Paint

## CONCRETE BLOCK FILLER

This latex product is formulated as a filler and primer to be used on new masonry construction prior to painting with latex top coats. Available in white only.

## FLOOR ENAMEL

Available in Battleship Grey and white (not shown) this heavy duty, durable paint has been formulated specifically for use in high traffic areas.

Battleship Grey Floor Enamel
