

# REUPHOLSTERY

## CHAIR REUPHOLSTERING

Your furniture may look a little worn but that doesn't mean it's ready to be thrown away.

We can take old upholstered furniture and make it look and feel brand new again.

Included in the cost of every Reupholstery order, we'll tear the item down to its inner workings, repair the springs or webbing, touch up minor wood dings and scratches, replace the foam or padding if it's needed or specified, then cover it all in the new fabric of your choice.

We've got swatch cards of our standard fabrics, along with others available by special order. You can even use your own fabric for a 10% reduction off our pricing.

Please contact sales or customer service for more information.
